Subject: RE: Pre-consultation request for proposed coastal works at Drummullagh, Co . Louth

Danielle,

Apologies with the delay in responding to your email. I can confirm that I will be attending the meeting as proposed. May I also ask for my colleagues Mr. Conor Sloan (conor.sloan@louthcoco.ie) and Mr James Searson (james.searson@louthcoco.ie) to be invited to the meeting as they are involved in this project and similar projects for Louth County Council.

Can I ask the following questions in advance of the proposed meeting:

- Does the Marine Area Consent process take long once an application has been submitted?
- Is there any benefit to formally submitting the application in advance of the proposed meeting?
- Louth County Council has two other coastal erosion projects that are very similar to the project at Drummullagh, Omeath, Co. Louth. However the main difference is that all works (temporary and permanent) are above the High Water Mark, so I am of the understanding that no MAC is required in this instance. Can someone advise if this is correct please?

Many thanks
Jarlath Keaney
Executive Engineer.
