Hi James,

Just touching base to see if we have heard anything back from them yet?

Councillor Watters,

I hope you are keeping well.

Just an update on the Coastal Erosion issue at Ballagan/Ballynamoney Greenore – the OPW Coastal Section have responded positively to your email and have requested an updated Application form and I have responded as requested this morning.

I would hope we get full confirmation in the coming days and I will then update you further.

Regards,

James
